Create & Wild's Signature Style

Large Flowing Bouquet

These larger bouquets are perfect for those that want a statement arrangement. They can be prepared in a diamond formation so that they are easy to carry over your elbow. Lots of rustic greenery and foliage are added to create a vintage and charming look. We also use dried florals so if this is something you are considering do ask us.

**A BOLDER
STATEMENT**

Smaller Bouquets, Bride or BM's

These smaller bouquets are daintier, and contain less stems and foliage, but can be just as striking.

DELICATE

Boutonnieres

Boutonnieres are delicate little jacket details for the men on both families sides. Often using smaller blooms taken from the Brides Bouquet, the story between all family members uniting is shown through the florals used.

CUSTOMISABLE

MOB & MOG Corsages

Corsages can be worn on the wrist or can be attached to a dress or jacket to signify that you are either the Mother of the Bride or the Mother of the Groom.

Extended BM hairpin details

Presentations are communication tools that can be used as demonstrations, speeches, and more.

EASY TO

How we work with you

WE WILL BECOME FRIENDS. FACT.

It's important to consider a number of things when choosing your floral designer for such an important event.

Ask yourself:

"Do they understand my vision?"

"Do I really love what they do?"

"Are they interested in me, are they engaged and do they ask me lots of questions?"

Let me answer:

We want to get to know you, like really really well. If we get on then we are already halfway to getting to one of your best ever days and making it really special for you. Not only will we need to find out what your favourite colour is, but we will get to know where you love going, where your favourite holiday was and what your favourite alcoholic drink is because all these things can influence what you like in your blooms. Based on your loves, we are going to show you flowers you didn't even know existed! We are going to be spending at least 4-5 hours and 50 emails together, and that's great, because ultimately we want to get your vision just right, else we haven't done our jobs properly.

CLIENT TESTIMONIALS

"Wonderful, wonderful florist! I used Create and Wild as the florist for my wedding a few weeks ago. Selin is just incredible. She is so easy to talk to, she has an extensive knowledge and understanding of flowers and she really listened to me and what I wanted! Selin went above and beyond, travelling to the church to do her own research on what would look right, spending hours making me bespoke flower hairpieces, chatting to me on whatsapp and sharing pinterest boards. I ended up with the most incredible flowers for my wedding, the bouquets were SO beautiful. I couldn't be happier with the service and the results. Will post photos what I have them! Thanks Create and Wild!!."

CLIENT TESTIMONIALS

"I am so impressed. My daughter's 2nd birthday went so well and her flowers looked so beautiful. They were the perfect finishing touch! She really understood the concept I talked about and created beautiful arrangements. I will definitely come back to her for the next party coming up in April. I feel lucky to have such wonderful florist near me. Thank you so much.."
